Presidents' Report

Welcome to everyone. Although COVID tried to stop us again, we were able to start our competition at the start of 2021 and it was great to see everyone back out on court, including players, coaches, umpires and spectators.

CDNA celebrated our very first inaugural Indigenous Round, which was extremely well received and even attended by the Glen Eira Council. The participation of our members was incredible and we look forward to many more successful events in future years.

May saw our annual CDNA tournament, changed to keep within strict COVID rules, being split into two separate sessions. We had 108 teams and had a very successful day.

CDNA also celebrated hosting the very first Pink Round, raising money and awareness for the Breast Cancer Network Australia. So many clubs and members joined in the celebration, wearing a splash of pink and helping raise lots of money for a very valuable cause. We look forward to continuing this event for many more years to come and appreciate the support from all of the clubs and members.

Unfortunately COVID crept back into normality and led to a small lockdown, which impacted our Autumn competition. After losing a number of rounds, we were lucky enough to be able to get our finals matches played with an alternate format of both semis and grand finals on the same day. Thank you to everyone for helping this come to fruition.

The Spring season was hugely impacted with Melbourne's world record lockdown, meaning everyone was back to working and learning from home, and trying to do as much fitness and netball from home as they could too. At the end of the year, we were able to get in a 5 week relaxed Return to Play competition, where we purely aimed to have as many people out on court as possible. With everyone's support, flexibility and help, the mini competition worked well.

CDNA's Rep teams got through their Autumn season, with their finals postponed until later in the year and then a shortened Spring season after lockdown ended. They were able to play a few tournaments in the early months and the coaches all worked hard to keep up the teams' fitness and morale with ongoing Zoom training sessions. CDNA were also represented at the Victorian Men's and Mixed Netball Associations's Junior M-League competition, with 3 male players joining a team and competing extremely well.

Our Umpiring Programs continued to be improved and worked on during lockdown, enabling us to try and keep the CDNA umpires connected throughout.

CDNA's Net Set Go program unfortunately was only able to get in 2 weeks before lockdown caused it to be cancelled.

Huge thanks goes to everyone within our Association for their continued hard work, enthusiasm, flexibility and support through what has no doubt been a difficult time for many. In particular, special mention must go to:

- Umpire Coordinator Lucy Barker
- Rep Head Coach Jen McIntyre
- All umpires, mentors and supervisors
- Staff members (Penny Forrest, Cheryl Carter, Janine Venturoni, Bea Catella, Hannah Rosenberg, Sidney Peel-Hope, Simone Belli and the canteen staff
- All CDNA Committee members
